

What is a “Close Contact”?

As currently defined by Fond du Lac County Health

A “Close Contact” is anyone who has had more than 15 minutes of accumulated contact time within 6 feet of an individual.

Such a person should remain in quarantine for 14 days since last contact.

However, someone in contact with that individual (the close contact) is not a “close contact” themselves unless the close contact should become a positive carrier.

I don't feel well and it might be COVID.

It's never bad to ask your physician. Follow their advice keep in contact.

For testing contact your physician or the COVID Clinic at 844-225-0147.

Are you a "Close Contact" and already on quarantine?
Please go get tested! It's always the fastest option.

Tested Positive

Follow the advice of your doctors.
You are likely quarantined for at least 10 days since symptoms began.
The health department or testing facility will give you more information about best practices.
Let school know so we can try to help minimize spread.
Feel better soon!

Tested Negative

Continue with your Close contact quarantine as before.
Original timetables for return have not changed.
Let school know that no further work is required.
Feel better soon.

I'm Not Testing

The county health care system strongly requests that you get tested.
Continue with your Close Contact quarantine as before.
Timetables for return to school are 10 days after current symptoms pass or conclusion of previous quarantine, whichever is longer.
Let the school know so that we can help minimize spread.
Feel better soon.

I am not a "Close Contact"?
Testing is always the fastest option.

Tested Positive

Follow the advice of your doctors.
You are likely quarantined for 10 days since symptoms began.
The health department or testing facility will give you more information about how best to proceed.
Let school know so we can try to help minimize spread.
Feel better soon!

Tested Negative

Let school know that no further work is required.
Once 24 have passed since symptoms have subsided return to school.
Feel better soon.

I'm Not Testing

Contact your doctor and follow the advice given.
If they are confident in another diagnosis, you may be able to return after 24 hours without symptoms. Otherwise, you're quarantined for 10 days after your symptoms pass.
Let school know so we can try to help minimize spread.
Feel better soon!
